God's Word to God's World

Last year we helped to give biblical training to around 10,000 people in 26 countries. This year we plan to increase that by extending into new areas of Europe, West Africa and South America.

“ **The *Introduction to the Bible* course started in Cuba on Monday. ‘G’ is teaching the course and should have 30 students in La Havana and about the same number next week in Santa Clara; these are all tutors, who will be going back to their towns to teach the course to others.** ”

A further £70,000 from people like yourself will go towards providing such training.

Your involvement through gifts and prayers will help to bring the Bible alive to many more.
